

One day Workshop on

Loop mediated Isothermal Amplification (LAMP)

January 22, 2019

SRM
INSTITUTE OF SCIENCE & TECHNOLOGY
(Deemed to be University u/s 3 of UGC Act, 1956)

LAMP is novel detection method to identify the pathogens with in 30 minutes. Many on-field detection kits are developed using LAMP for plant and human pathogens.

Participants will learn about

- # Designing of LAMP primers**
- # Rapid amplification of virulent gene of plant pathogen**
- # Different visualization methods of LAMP products**

Registration fee: Rs. 500
